

PROGRAMME TITLE	NQF	SAQA ID	CREDITS
Occupational Certificate: Quality Test Automator	5	118789	179

DESCRIPTION

The purpose of this qualification is to prepare a learner to function as a Quality Test Automator. A Quality Test Automator is responsible for the quality of software development and deployment. Qualifying learners are involved in performing automated and manual tests to ensure the software created by developers is fit for purpose and any bugs or issues are identified within a product and reported to the relevant person before it gets deployed to everyday users. Some of the duties include analysis of software, mitigation of risk, prevention of software issues and testing of any changes.

CAREER FIELDS

With this qualification, successful learners could pursue a career as a:

- Automation Tester
- Junior QA Engineer
- Quality Analyst Training
- Software Testing Training
- DevOps Training
- Automation QA Training

PROGRAMME OUTLINE

Knowledge Modules:

- 251901-001-00-KM-01, Software Testing in Context, Level 4, 2 Credits.
- 251901-001-00-KM-02, Basic Calculations and Logical Thinking, Level 4, 4 Credits.
- 251901-001-00-KM-03, Computers and Computing Systems, Level 4, 4 Credits.
- 251901-001-00-KM-04, Computing Theory, Level 4, 4 Credits.
- 251901-001-00-KM-05, The Role of Testing in Software Efficiency, Level 5, 8 Credits.
- 251901-001-00-KM-06, Software Testing Principles, Methodologies and Techniques, Level 5, 8 Credits.
- 251901-001-00-KM-07, Data and Databases, Level 5, 2 Credits.
- 251901-001-00-KM-08, Introduction to Computer Database Management Systems, Level 5, 2 Credits.
- 251901-001-00-KM-09, Introduction to Enterprise Resource Management Systems and Mobile Application Testing, Level 5, 3 Credits.
- 251901-001-00-KM-10, Introduction to Governance, Legislation and Ethics, Level 4, 2 Credits.
- 251901-001-00-KM-11, 4 IR and Future Skills, Level 4, 4 Credits.
- 251901-001-00-KM-12, Design Thinking Principles for Innovation, Level 4, 1 Credit.

Total number of credits for Knowledge Modules: 44

Practical Skill Modules:

- 251901-001-00-PM-01, Basic Calculations for Programming, Level 4, 6 Credits.
- 251901-001-00-PM-02, Basic Programming, Level 4, 6 Credits.
- 251901-001-00-PM-03, Scrape Data and Access, Analyse and Visualise using Spreadsheets, Level 4, 4 Credits.
- 251901-001-00-PM-04, Gather Information and Systematically Analyse Requirements for Testing, Level 5, 4 Credits.
- 251901-001-00-PM-05, Plan Software Testing Activities and Develop a Test Design and Test Case, Level 5, 4 Credits.
- 251901-001-00-PM-06, Set up the Software Test Environment, Level 5, 4 Credits.
- 251901-001-00-PM-07, Apply Current State-of-the-Art Tools and Techniques to Test a Software System, Level 5, 16 Credits.
- 251901-001-00-PM-08, Execute Computer Software Program Testing against Expected Results, Level 5, 12 Credits.
- 251901-001-00-PM-09, Participate in a Design Thinking for Innovation Workshop, Level 5, 3 Credits.
- 251901-001-00-PM-10, Function Ethically and Effectively in the Workplace, Level 4, 4 Credits.

Total number of credits for Practical Skill Modules: 63

Work Experience Modules:

- 251901-001-00-WM-01, System Specifications Analysis and Test Case Development, Level 5, 24 Credits.
- 251901-001-00-WM-02, Test Environment Setup, Level 5, 24 Credits.
- 251901-001-00-WM-03, Test Execution and Test Closure, Level 5, 24 Credits.

Total number of credits for Work Experience Modules: 72

TYPE OF PROGRAMME

The programme duration is 2 year on a full-time basis. Tuition is face to face and is scheduled per campus. Programmes are offered during the week on a full-time and part-time basis. Part-time tuition is scheduled as per the stipulated planner.

ADMISSION REQUIREMENTS

The minimum entry requirement for this qualification is:

- NQF Level 4 qualification

LEARNER MATERIAL

Prescribed textbook lists will be provided by the academic department at your campus. Students will receive electronic versions of the study guides for this programme.

PRICING

Enquire at the Berea College of Technology campus for a current programme pricelist.

ADDITIONAL COSTS

Students must make provision for additional items such as textbooks, stationery, supplementary examinations, research costs and printing of study guides etc.

EXAMINATION AUTHORITY

In terms of the Skills Development Act, 1998 (Act 97 of 1998), the QCTO accredits assessment centres to conduct the External Integrated Summative Assessment (EISA) (link to EISA information brochure PDF) for specified occupational qualifications, part-qualifications or trades recorded on the National Learners' Records Database (NLRD) but without an associated occupational qualification.

Integrated Assessment

Integrated Formative Assessment: The skills development provider will use the curriculum to guide them on the stipulated internal assessment criteria and weighting. They will also apply the scope of practical skills and applied knowledge as stipulated by the internal assessment criteria. This formative assessment together with work experience leads to entrance in the integrated external summative assessment.

Integrated Summative Assessment: An external integrated summative assessment, conducted through the relevant QCTO Assessment Quality Partner is required for the issuing of this qualification. The external integrated summative assessment will focus on the exit level outcomes and associated assessment criteria. The assessment will be conducted through written assessment and the evaluation of practical tasks at decentralised approved assessment sites by a panel of assessors evaluated by assessor(s) registered with the AQP within a period of 1 day.

EISA is a single, national assessment which leads to competent learners being awarded Occupational Certificates. It is an integral and critical component of QCTO's quality assurance system, as it ensures that the assessment of occupational qualifications, part-qualifications and trades is standardised, consistent and credible. Qualifying for External Assessment: To qualify for an external assessment, learners must provide proof of completion of all required knowledge and practical modules by means of statements of results and a record of completed work experience.

CERTIFICATION

On successful completion of the programme, the student will receive a statement of result from Berea College of Technology and upon meeting the EISA requirements, receive an Occupational Certificate: Quality Test Automator from the QCTO.

ARTICULATION

This qualification provides opportunities for horizontal and vertical articulation options.

Horizontal Articulation:

- Occupational Certificate: Computer Technician, NQF Level 5.

Vertical Articulation:

- Diploma in Information Technology, NQF Level 6.

FURTHER STUDIES

Please enquire at the nearest Berea College of Technology campus for the prospectus containing post-certificate studies. Admission to further your studies at a different institution remains the prerogative of each institution and its academic council.
